6S MGT TRAINING cont...

Kasabay ng pagtalakay ng mga important concepts nito ay ang application workshop para makita at mas lalong maintindihan ng bawat isa kung paano mai-apply sa kanilang departments. Masayang nagtapos ang training na kinakitaan ng excitement at bagong kaalaman ang bawat isa na naidala nila sa kanilang work place.

6S MANAGEMENT TRAINING

by John Bandoquillo

"A place for everything, everything in its place"... ito ang kasabihang tumatalakay patungkol sa 6S Management. Ito ay pinasimulan sa isang training na pinangunahan ng ating resident process consultant, Mr. Henry Palaca ng Quality Plus noong March 19, 2019. Ito ay dinaluhan ng lahat ng empleyado na ginawa sa Eurochem Training Hall. Ito ay kinapapalooban ng pangunahing 5S principles + Safety:

6S PRESENTATION & JINGLE COMPETITION

by Christian Luna

Nagpakitang gilas ang lahat ng departments ng Eurochem sa naganap na 6S presentation at jingle competition noong April 1, 2019. Ang aktibidad na ito ay naglalayong ilunsad ang 6S Program; mahikayat ang bawat isa na makipag-cooperate; at ma-sustain ito ng buong company nang masaya at may sigla.

TSD Goal Diggers 6S Jingle Presentation

Pinangunahan ng **Supply Cool Chain** ang contest sa kanilang rendition ng "Here at SM". Hindi rin nagpahuli ang **TSD Goal Diggers** sa kanilang nakaka-indak na interpretasyon ng "Sumayaw Sumunod". Napa-"Yey!" din ang lahat sa jingle ng **Team YES** mula sa Sales-Cosmetics. Sa himig naman ng "Sitsiritsit" at "Anak ng Pasig" pinamalas ng **Fizzy Foodies** ng Sales-Food at **Fighting Finance** ang kanilang galing sa pagkanta. Hindi din nagpadaig ang **6Screate Service** ng HR & Admin sa kanilang jingle na hango sa "Wag Maghihiyang magtanong ng Ritemed".

Team YES 6S Jingle Presentation

Kasunod nito ay ang 6S Department Presentation na tumalakay sa pang-unawa sa current situations ng bawat department, analysis ng mga problems at ang proposed actions para malunasan ito gamit ang prinsipyo ng 6S Management. Ang first 3S (SORT, SET IN ORDER & SHINE) ang unang gagamiting principles para sa taon ng 2019. Pinangunahan ang presentation ng **The Collectibles** ng Executive Department. Ang creativity ng bawat departamento ay hindi lamang naipamalas sa 6S Jingle kundi pati na rin sa kani-kanilang Team Names at Team Logo.

Na-challenge ang mga presenters sa mga tanong at suhestiyon ng mga judges mula RCMC na sina Ms. Lorie Lachica at Ms. Aiza Aguilar. Naging mas mahigpit ang labanan ng 6S presentation at jingle competition.

Muling napatunayan ng bawat empleyado ng Eurochem ang kanilang galing at creativity sa naganap na contest. Asahan na ang aktibidad na ito ay umpisa pa lamang sa mga susunod pang proyekto sa ilalim ng 6S Program.

"The living 6S, the walking 6S... Walk the talk." -Chris Soberano
Being part of the Quality management system (QMS) has broaden my perspective in terms of organizing not just my work process but my personal life as well. I believe that it is a way of life too on how we scientifically organize everything and let go of the things that does not spark joy anymore. I am very sentimental when it comes to those things before but I have to let go and be minimalist instead. I learned that safety plays a vital role in the modern 5s which is to yourself in it until becomes you. The living 6s, the walking 6s. Let us do our part and walk the talk to a more productive workforce.

PRACTICAL TIPS WITH KATIE KONDOW

Sort - Does it Spark Joy?

As I've watched MARIE KONDO, I was inspired by how she taught her viewers to sort VALUABLE/MEMORABLE things. In my own experience of doing the 6S, I had a hard time letting go of important belongings but MARIE KONDO helped me by asking a simple question "Does it SPARK JOY?" Once you know the answer, here's how you can use it in sorting. Things that spark joy deep in my heart either I will donate it or keep it. Things that spark joy but bearable to let go, I WILL LET GO!

Set in Order - The Hikidashi Box

The Hikidashi Box set is the perfect tool to help kickstart your tidying. Named after the Japanese word for "drawer," these boxes will bring order to your cherished items. I personally collect old boxes of chocolates, biscuits and perfumes to use as a separation tool in my drawer cabinet to set things in order.

Shine - Use of Baking Soda and Vinegar

Problem: experienced difficulty of breathing inside the bathroom because of the use of detergent
 Natural alternative: we can use baking soda with a mixed of vinegar to replace the detergent

How to use:

1. Put baking soda into the spaces of the tiles
2. Sprinkle it with vinegar
3. Allow it to sit for 10 to 15 minutes
4. Use a microfiber cloth, sponge or a scrubber to wipe down the surfaces.

This is also good in cleaning various surfaces such as your office table, shelves, name it.

"Cleaning isn't simply about getting rid of dust & garbage. It can make someone's life a little easier and happier." -Kate De Lara
